

In December our entire school came together to host a festive **Winter Fair**, celebrating with Christmas-themed games and activities. Santa and snowman face painting, a playful snowball fight with white pom-poms, "Pin the Red Nose on Rudolph," and a magical Santa's Grotto, there was something for everyone to enjoy. The event was open to students and their parents/carers after school, creating a memorable experience for the children. All funds raised will go towards new **playground equipment** or **enrichment activities** to enhance the students' learning and play experiences.
