

# Art Gallery

Elmgrove held a spring art exhibition to celebrate the talent within the school. We invited parents and carers to come into school to see the children's work, which was displayed in the hall. Parents had the opportunity to complete a questionnaire after visiting the exhibition. We will use the feedback from this to help us to understand parent expectations around art in school. We also held an art competition. The winner was announced during the art gallery. Well done to all who entered.
