

June 2020 Parent View Results

Thank you to all the parents/carers who completed the Parent View Questionnaire and helped us to gain your views on how you feel the school is performing in a number of different areas. The Ofsted questionnaire had a number of questions relating to your child's safety, happiness, progress and achievement at school. The questions have slightly changed this year and there are new questions (these are the ones in red) and so some answers are not straight like for like so the previous results of these have been shaded out.

We have received 107 results so far this year and I am very pleased to tell you that the results of the questionnaire are generally very positive. Using OFSTED descriptors the responses indicate that the, "very large majority or most," (80-96%) respondents agreed with most of the statements whilst either "almost no/very few" (0-3%) or a "very small minority or a few," (4-19%) disagreed. We will be looking carefully at those questions where we have perhaps not

Please remember if you have **any** concerns about your child in school please speak to the class teacher in the first instance. However if you have any further

Thank you again for taking the time to respond to our questionnaire.
